So I just talked to Deborah McKean and she says that she is doing the EUL role here in Durango (and we have her on the Org chart that way). Apparently back in the Regional Office we have Dave Christensen, Wendy Obrien, and Susan all helping her. She was unaware of Marty. Deb is leaving on Friday, so she is looking to see if Susan can replace her here. Thus, I'm not sure we need someone else out here at this time unless Deb is not doing EUL?

Hi Luke, Hi Kathie,

We need to order up an EUL who can help get some of the data stuff going. Marty's been doing a lot of that from here but we want to get someone in Durango to fill this role. I don't think our current EULs can do it so I'll add it to list of requests to give HQ. Want you to be aware.

Also, if you've identified people needed from backup regions and beyond, either send that or if you could get on 1030 call w HQ (I'll send invite) that'd be even better. Thanks!
